Pittsburgh's Treadmill Of Mediocrity Hosts A Most Interesting 2026 NFL Draft From April 23-25

Indiana's Fernando Mendoza will complete quite a trifecta on the first night of the NFL Draft (April 23) as he becomes the first overall pick, following up on winning the national championship and the Heisman Trophy. What lingers behind him is one of the worst QB classes of the 21st Century – just in time for what is projected to be a bumper crop in '27. The other tippy-top prospects of '26 are edge rushers Rueben Bain Jr, of Miami and David Bailey of Texas Tech Notre Dame RB Jeremiyah Love, OTs Kady Proctor of Alabama and Spencer Fano of Utah, WRs Jordyn Tyson of Arizona State, Omar Cooper Jr of Indiana and KC Concepcion of Texas A&M and the star-studded Ohio State contingent: WR Carnell Tate, S Caleb Downs, LB Sonny Styles and edge rusher Arvell Reese.

30	Matthew Sluka	JMU	6'2	211	UFA							

THE TOP 75 PLAYERS IN PRO BASKETBALL HISTORY

The NBA's 75th Anniversary has prompted a wave of Best-Of lists, but few with the substance to reinforce the selections. Authors Rick Morris, Ben Chew and Russ Cohen came together to create a list of the top 75 pro basketball players ever, with evidence to justify the placement of each -- as well as biographical details, comparisons of various legends, little-known-but-interesting tidbits, what-if scenarios and much more. Additionally, the book includes our year-by-year ranking of the top players in pro basketball and rosters for hypothetical "Olympic Dream Teams" had they existed prior to 1992. This is a book that is crafted for sports fans who are interested in learning more about the rich history of pro basketball.

Pullins Law Firm LLC Scott Pullins:

"I have spent my career, both as an attorney, and otherwise, in roles where I help people break down and solve complex problems. After a consultation, you will be put on the path toward resolution of your issue. I will either recommend that you retain me to resolve your issue, I will recommend a trusted colleague, or I will offer some other solution, sometimes even free or at a lower cost than a private attorney, in order to assist you."

THE TOP 75 PLAYERS IN PRO BASKETBALL HISTORY

The NBA's 75th Anniversary has prompted a wave of Best-Of lists, but few with the substance to reinforce the selections. Authors Rick Morris, Ben Chew and Russ Cohen came together to create a list of the top 75 pro basketball players ever, with evidence to justify the placement of each -- as well as biographical details, comparisons of various legends, little-known-but-interesting tidbits, what-if scenarios and much more. Additionally, the book includes our year-by-year ranking of the top players in pro basketball and rosters for hypothetical "Olympic Dream Teams" had they existed prior to 1992. This is a book that is crafted for sports fans who are interested in learning more about the rich history of pro basketball.

THE TOP 75 PLAYERS IN PRO BASKETBALL HISTORY

The NBA's 75th Anniversary has prompted a wave of Best-Of lists, but few with the substance to reinforce the selections. Authors Rick Morris, Ben Chew and Russ Cohen came together to create a list of the top 75 pro basketball players ever, with evidence to justify the placement of each -- as well as biographical details, comparisons of various legends, little-known-but-interesting tidbits, what-if scenarios and much more. Additionally, the book includes our year-by-year ranking of the top players in pro basketball and rosters for hypothetical "Olympic Dream Teams" had they existed prior to 1992. This is a book that is crafted for sports fans who are interested in learning more about the rich history of pro basketball. Available on Amazon.com

Washington	Edge	CB	DT					3

NOTE: In 2025, NFL teams went from an average of 7.78 holes per team prior to free agency to 6.81 holes per team going into the draft. This year, teams started further behind the 8-Ball, with 8.91 holes per team, but there was a strong rally in free agency, knocking the number down to 6.96 holes per team.

Pullins Law Firm LLC Scott Pullins:

“I have spent my career, both as an attorney, and otherwise, in roles where I help people break down and solve complex problems. After a consultation, you will be put on the path toward resolution of your issue. I will either recommend that you retain me to resolve your issue, I will recommend a trusted colleague, or I will offer some other solution, sometimes even free or at a lower cost than a private attorney, in order to assist you.”

Draft Play- Along Game

We at FantasyDrafthelp.com have devised a contest to help you and your friends measure your acumen on Draft Day. It's the FantasyDrafthelp.com Mock Draft Game (credit to Fantasy Drafthelp.com contributor Bob Benak for inventing the game). Each participant submits a mock draft before the proceedings ... and then all parties compete in a separate "live draft competition."

Each board is scored separately, but the scores of the two are compiled to crown the Grand Champion of Draft Day. Here's the scoring system:

- Picks #1-4 are weighted at one point apiece.
- Picks #5-8 are weighted at two points apiece.
- Picks #9-12 are weighted at three points apiece.
- Picks #13-16 are weighted at four points apiece.
- Picks #17-20 are weighted at five points apiece.
- Picks #21-24 are weighted at six points apiece.
- Picks #25-28 are weighted at seven points apiece.
- Picks #29-32 are weighted at eight points apiece

Players may "roll over" their picks from the completed mock draft to the live draft if a player remains on the board ... or they may cover themselves with another pick. Example: a player has Tennessee taking Carnell Tate with the #4 pick on the mock draft they turned in at the outset. That would count for one point if the pick is correct. If Tate is still on the board when the Titans are on the clock, the player is not obligated to pick Tate during the live draft. He may "roll over" the pick, choosing to try to win two points in both the live and completed mock draft categories. Or he may try to cover himself with another pick. For example, should he correctly pick Jordyn Tyson in the live draft part of the competition, he would gain the one point in the live draft but win no points in the completed mock draft part of the competition, in which he incorrectly picked Tate. So strategy is at a premium during this competition. This game also puts great emphasis on correctly making picks later in the first round, when chances for success are the most difficult. Picking a player accurately in the later part of the first round on both the completed mock draft and the live mock draft can ensure a thrilling, come-from-behind victory. If you and your friends want to take your enjoyment of Draft Day to the next level by competing and strategizing along with the wizards of the NFL, try our game and enjoy!

Top 10 Team Rankings Heading Into NFL Draft

- 1 LA Rams
- 2 Seattle
- 3 LA Chargers
- 4 Jacksonville
- 5 Philadelphia

Short List of Players For 2025 FDH Top 32 in the NFL

Every summer, The FDH Lounge unveils its list of the Top 32 players in the NFL (with the number chosen to represent an average of one player per team) at The FDH Lounge Multimedia Magazine, with an analysis then being performed of the list. Here and now, we are revealing our short list prior to the final construction of the feature, 40 players who will form the group.

QB: Josh Allen, Joe Burrow, Lamar Jackson, Patrick Mahomes, Matthew Stafford
RB: Bijan Robinson

WR: Ja'Marr Chase, Justin Jefferson, Puka Nacua, Jaxon Smith-Njigba, Amon-Ra St. Brown

TE: Brock Bowers, Trey McBride

OT: Dion Dawkins, Penei Sewell

OG: Quenton Nelson, Trey Smith, Tyler Smith

C: Creed Humphrey, Tyler Linderbaum

DT: Jalen Carter, Chris Jones, Jeffery Simmons, Leonard Williams, Quinnen Williams

ILB: Roquan Smith, Fred Warner

Edge: Will Anderson, Jr, Maxx Crosby, Myles Garrett, Micah Parsons, Jared Verse, TJ Watt

S: Budda Baker, Kyle Hamilton, Derwin James

CB: Christian Gonzalez, Derek Stingley, Jr, Patrick Surtain II, Devon Witherspoon

FDH Ranking of the Top 25 NCAA Football Coaches

NOTE: These rankings are for the purposes of determining, in order, which coaches would be most desirable to lead a program in 2026.

2026 Rookie Class Fantasy Analysis

While some rookie wideouts have come into the league very strongly in recent years, traditionally it's the running backs who can make the most impact right off the bat and Notre Dame's Jeremiyah Love is poised to do just that. When you consider the instant impact that Jahmyr Gibbs made at the pro level, that is a realistic prototype, rendering Love an easy first-round value in this year's drafts.

Love's collegiate teammate Jadarian Price could be the second back off the board, potentially in the second round and thus projecting as a possible lead back and RB2/3. From there, it's a number of backs who start the year as fantasy bye-week candidates: Kaytron Allen of Penn State, Jonah Coleman of Washington, Demond Claiborne of Wake Forest, Emmett Johnson of Nebraska, Mike Washington Jr. of Arkansas, and Seth McGowan of Kentucky.

There are two decent candidates to be fantasy WR1-worthy this year, Carnell Tate of Ohio State and Jordyn Tyson of Arizona State. Depending on who selects them, Omar Cooper Jr of Indiana and Makai Lemon of USC could be WR2-level, with possibilities at WR3 including KC Conception of Texas A&M, Denzel Boston of Washington, Germie Bernard of Alabama, Brenen Thompson of Mississippi State, Zachariah Branch of Georgia, Chris Brazzell II of Tennessee, Malachi Fields of Notre Dame and Eric McAllister of TCU.

First Look Ahead to 2027 Pro Football Draft

Years such as 1983, 1999 and 2018 have etched themselves in the history books in terms of having vaunted QB draft classes. As we all know, some panned out and some didn't. Such will be the case in 2027, when many decorated passers will define much of how we remember that draft class.

Arch Manning of Texas is the early favorite to be the top pick overall. Potentially slotting in just behind him are Julian Sayin of Ohio State, Dante Moore of Oregon and John Mateer of Oklahoma (notwithstanding his size). Additional potential high picks from the pocket include a few potential reclamation projects from the 2025 season: Nico Iamaleava of UCLA and LaNorris Sellers of South Carolina. If Josh Hoover can keep Indiana humming at a high level, then you'll see his name in this conversation.

Speaking of ifs, if none of the QBs go #1 overall, then Ohio State WR Jeremiyah Smith would probably be that guy as one of the most decorated players at his position of the 21st Century.

Aside from the quarterback position, the Top 10 looks to be dominated by defensive ends, with the top candidates to go that high including Dylan Stewart of South Carolina, Yhonzae Pierre of Alabama, Quincy Rhodes Jr of Arkansas, John Henry Daley of Utah and Damon Wilson II of Miami. Other strong candidates to go in the half of the first round include offensive tackles Wilkin Formby of Alabama and Brandon Baker of Texas, wide receivers Cam Coleman and Ryan Wingo of Texas and Nick Marsh of Indiana, CB Leonard Moore of Notre Dame, LB Collin Simmons of Texas, RB Jadan Baugh of Florida and DT Will Echoles of Mississippi.

THE TOP 75 PLAYERS IN PRO BASKETBALL HISTORY
The NBA's 75th Anniversary has prompted a wave of Best-Of lists, but few with the substance to reinforce the selections.

Authors Rick Morris, Ben Chew and Russ Cohen came together to create a list of the top 75 pro basketball players ever, with evidence to justify the placement of each -- as well as biographical details, comparisons of various legends, little-known-but-interesting tidbits, what-if scenarios and much more. Additionally, the book includes our year-by-year ranking of the top players in pro basketball and rosters for hypothetical "Olympic Dream Teams" had they existed prior to 1992. This is a book that is crafted for sports fans who are interested in learning more about the rich history of pro basketball. Available on Amazon.com

Game Winners: The Greatest Game-Winning Goals In Hockey History

Read about the Top 50 game-winning goals that have been scored. Authors Matthew Blittner and Russ Cohen considered goals scored during The Stanley Cup Playoffs, The NHL's regular season and a handful of Men's and Women's Olympic games. These goals are a combination of Stanley Cup winners, Gold Medal winners, dramatic finishes, history-makers, iconic moments, heartbreakers and so much more.

PRO FOOTBALL DRAFTOLOGY 2026 Page 22

	Players	Pos	School	Ht	Wt	Projection
1	Jeremyiah Love Love is a "five tool" football player. Viewed as a 'weapon' more than a RB. There is literally nothing to dislike, a complete prospect.	RB	Notre Dame	6'0	215	Top 15
2	Arvell Reese So explosive, quick and unrelenting that he will probably keep OCs up at night. A matchup nightmare.	LB	Ohio State	6'4	243	Top 5
3	David Bailey The most polished EDGE in the draft. A great combination of speed, quick twitch, power and knowing how to attack his blocker.	EDGE	Texas Tech	6'3	250	Top 10
4	Sonny Styles Absolute freak. No human should be able to do what Styles can. A punishing LB who thinks and attacks like the safety he used to be.	LB	Ohio State	6'5	243	Top 10
5	Rueben Bain Jr Short arms be darned. Bain is relentless and powerful. He may have short arms but it doesn't seem to be an issue for him.	EDGE	Miami	6'3	270	Top 20
6	Caleb Downs Best safety prospect since 2022. There is nothing he doesn't do well. The only knock is he didn't make enough plays on a stacked defense.	S	Ohio State	6'0	205	Top 15
7	Olaivavega loane Best guard in the draft with positional flexibility. LT is a reach, but LG, RG, RT and even C could be an option.	OG	Penn St	6'4	328	Rd 1-2
8	Carnell Tate If Tate's WR1 in college wasn't the greatest WR prospect ever, he'd be a lock to go Top 5. Another in a long line of NFL ready, polished route-running Buckeyes.	WR	Ohio St	6'3	195	Rd 1
9	Emmanuel McNeil-Warren This year's Nick Emmanwori. Long, rangy, and a guy that just makes more plays than you expect him to.	S	Toledo	6'2	202	Rd 1-2
10	Jermody McCoy Fans will be hesitant due to being out in 2025, but McCoy put any concerns to bed with his workouts, could even be the first CB off the board.	CB	Tennessee	6'0	193	Rd 1
11	Francis Mauigoa If Mauigoa was a LT and not a RT, there's no way he last pasts No. 3 overall. He is a refrigerator with legs. Could be a great RT, some think a Pro Bowl guard.	OT	Miami	6'6	315	Rd 1
12	Mansoor Delane He's this year's presumptive top CB. Ideal size, adequate speed, expect Delane to not last long before his name is called.	CB	LSU	6'0	190	Rd 1
13	Jordyn Tyson If not for the injury issues, he would be much higher and predicted to go in the first ten picks. Creates separation, great in space, but availability is a concern.	WR	ASU	6'2	200	Rd 1
14	Monroe Freeling Freeling is the Ty Simpson of OL. Love what we saw from him but the sample size is too small. He also needs to gain about 10 lbs.	OT	Georgia	6'7	315	Rd 1
15	Kayden McDonald His Combine was objectively bad, but put on the tape. McDonald's tape says he's the best DT in this draft.	DT	Ohio State	6'2	326	Rd 1-2
16	Makai Lemon Dangerous in space. Turns small gains into big gains. The laid back "let me holla at you" tone at the Combine was a concern, but the tape is good.	WR	USC	5'11	195	Rd 1-2
17	Kenyon Sadiq Another "weapon". Sadiq is a TE in name, but really plays like a WR at another position. Blocking is fine, but you draft him to be a pass catcher.	TE	Oregon	6'3	245	Rd 1
18	Max Iheanachor Probably my favorite LT not expected in the first round. If you created the ideal LT, he would be built like Iheanachor.	OT	ASU	6'6	330	Rd 1-2
19	Lee Hunter After McDonald, Hunter is right there. Disruptive, quick and an attitude you want in your locker room.	DT	Texas Tech	6'3	318	Rd 1-2
20	Anthony Hill Jr We're getting spoiled at the top. If Reese and Styles were not in this draft Hill is probably the first LB off the board. Does everything well.	LB	Texas	6'3	238	Rd 1
21	Chase Bisontis Bisontis is an NFL starter at Guard all day long. Could be a sleeper to sneak into the first round. Joel Bitonio type. Not sexy, but he'll start for a decade.	OG	Texas A&M	6'5	315	Rd 2

Prospects That Jason Jones Loves

	Players	Pos	School	Ht	Wt	Projection
22	Cashius Howell	EDGE	Texas A&M	6'2	248	Rd 1-2
	The poor man's Bain. Has all the traits, short of being taller/longer. If your team has to pass on EDGE early, Howell could be a steal in the second.					
23	Ted Hurst	WR	Georgia St	6'3	195	Rd 2-4
	Hurst might be my favorite player perceived to be outside the Top 50. Lower competition level, but he looks like a young Josh Gordon without the issues.					
24	Jacob Rodriguez	LB	Texas Tech	6'1	235	Rd 1-2
	The little engine that could. Undersized, but the most productive LB, maybe player in this draft. A forced fumble machine that is everywhere all game long.					
25	Dillon Thieneman	S	Oregon	6'0	205	Rd 2-3
	Thieneman impressed at the Combine and private workouts. Doesn't have Downs' traits, but makes up for it with effort and sure tackling					
26	Omar Cooper Jr	WR	Indiana	6'0	204	Rd 1-2
	This might be everyone's favorite. The hero vs Ohio State plays bigger than he is. Great in space and quick enough to create big YAC.					
27	Keylan Rutledge	OG	GT	6'4	330	Rd 2-3
	Rutledge is nasty. Blocks rushers like they've personally wronged him. Stout and aggressive. Rutledge could go way higher than people think.					
28	Jadarian Price	RB	Notre Dame	5'11	210	Rd 1-3
	This is a good RB class and after his Notre Dame teammate, Price is the closest thing to a complete RB prospect. Some ball security issues, but he pops off the screen.					
29	Gennings Dunker	OT	Iowa	6'5	315	Rd 2-3
	Everyone's favorite OL player. The flowing mullet locks are great, but his blocking aggression is better. Could play RT or either guard position.					
30	Chris Brazzell II	WR	Tennessee	6'5	200	Rd 2-3
	People are sleeping on Brazzell. Yes, its Tennessee who run a limited route tree, but everything Brazzell is should translate better than recent Vols.					
31	Kaleb Proctor	DT	SE Louisiana	6'3	280	Rd 3-4
	Surprisingly good considering competition level. Pops off the screen. Much more athletic than he looks.					
32	D'Angelo Ponds	CB	Indiana	5'9	173	Rd 2-3
	If Ponds was 6', he's a Top 15 pick. Everything about his says first round pick if not for the 5'9 frame. Teams will decide if they can live with that.					
33	Max Llewellyn	EDGE	Iowa	6'5	263	Rd 2-3
	Llewellyn was a workout surprise. Good tape, but his workouts were impressive. Arguably the best in the Combine drills.					
34	Pat Coogan	C	Indiana	6'5	311	Rd 4-6
	The Rose Bowl MVP at center. Played a lot of football, comes from two good programs, could be the captain of an offensive line, can also play guard.					
35	Wesley Bissainthe	S/LB	Miami	6'1	215	Rd 4-6
	Bissainthe is undersized to play LB but has all the tools to be a LB-S hybrid. Could play like a poor mans Derwin James if he transitioned to safety.

Prospects That Concern Jason Jones

	Player	Pos	School	Ht	Wt	Projection
1	Diego Pavia	QB	Vanderbilt	5'11	207	Rd 6-UFA
	Borderline undraftable. Smaller than people thought, adequate passer at best, and he's doing almost everything to tank his draft stock					
2	KC Concepcion	WR	Texas A&M	5'11	190	Rd 2-3
	Fan favorite, but he has a concentration issue. It's more than drops. Has lapses in big moments and struggled with instruction at the Combine					
3	Spencer Fano	OT	Utah	6'6	308	Rd 1
	Played more right tackle than left, good footwork, good hands, but at 6'6 and barely 300 there are strength concerns.					
4	Caleb Lomu	OT	Utah	6'6	308	Rd 1-2
	Carbon copy. Played more RT, good footwork, good hands, but at 6'6 and barely 300 there are strength concerns					
5	Kadyn Proctor	OT	Alabama	6'7	366	Rd 1-2
	There is an awful track record of OTs over 6'6 and over 360. He is both. Before the 2025 season he was almost 400. Too big for skilled pass rushers					
6	Denzel Boston	WR	Washington	6'4	210	Rd 2-3
	Does not separate well. Good route runner, good hands, better deep than shallow, but can't separate-which is a concern in the NFL					
7	Drew Allar	QB	Penn St	6'5	235	Rd 4-6
	I honestly don't get the hype. He can throw it a mile but he's a statue. Big and strong but when the protection breaks down he's a sitting duck					
8	Markel Bell	OT	Miami	6'9	345	Rd 2-4
	Again, there is a size that is too big for the NFL. At 6'9 he'll struggle against good pass rushers. The weight isn't a concern but flexibility and placement are					
9	Caleb Banks	DT	Florida	6'6	325	Rd 1-2
	Very tall for a DT and also light for a DT. Coming off an injured season, before that his production was only ok					
10	Ty Simpson	QB	Alabama	6'2	208	Rd 1
	I'm absolutely adamant about this. Ty Simpson has just as much chance to be Mitch Trubisky as Kirk Cousins, very low ceiling					
11	Mikail Kamara	EDGE	Indiana	6'1	262	Rd 3-5
	Everything looks good, but he made significant mistakes in big moments. Can get too hot at times. Also not as long as you'd like from a DE					
12	Garrett Nussmeier	QB	LSU	6'1	205	Rd 3-4
	This is reality vs expectation. Nussmeier was supposed to be in the mix for a top 10 pick. He'll be lucky to go in the first 75 picks					
13	Lander Barton	LB	Utah	6'5	240	Rd 4-6
	Long and adequate in coverage, but lacks the traits to suggest he'll be more than rotational depth.					
14	Preston Hodge	CB	Colorado	6'0	200	Rd 3-5
	Has as many big plays and missed plays. Played better opposite Travis Hunter, when Hunter left he started looking average.					
15	Deion Burks	WR	Oklahoma	5'9	188	Rd 3-4
	I need more from a receiver under 5'11 to be impressed by Burks. 4.3 speed is great, but he's just another guy when it comes to receiving details					
16	Nadame Tucker	EDGE	W. Michigan	6'3	250	Rd 3-5
	Competition level but backwards. At Houston, very unimpressive. At W. Michigan he was a stat stuffer. 1.5 TFL/no sacks over 3 yrs, then 21 sacks and 14.5 tfls.					
17	Robert Henry Jr	RB	UTSA	5'9	205	Rd 4-6
	Too slow to be that small. He dances at the line too much and the holes will be smaller and close faster than he's used to.

Prospects That Concern Jason Jones

- | | | | | | | |
|----|--|----|------------|-----|-----|--------|
| 18 | Oscar Delp | TE | Georgia | 6'5 | 245 | Rd 4 |
| | Delp might benefit from the Georgia name. Not one season with 25+ receptions, no season over 300 yds receiving. Ideal size, but a day 3 guy. | | | | | |
| 19 | Owen Heinecke | LB | Oklahoma | 6'1 | 227 | Rd 3-5 |
| | Regrettably, there's only room for one little engine that could at LB and that will be Jacob Rodriguez. Plays with heart, but the size is a concern. | | | | | |
| 20 | Lorenzo Styles Jr | CB | Ohio State | 6'1 | 195 | Rd 4-6 |
| | If he didn't run in the 4.2s, I doubt anyone's talking about the other Styles brother. Good size but the production is just ok. | | | | | |

THE TOP 75 PLAYERS IN PRO BASKETBALL HISTORY

The NBA's 75th Anniversary has prompted a wave of Best-Of lists, but few with the substance to reinforce the selections. Authors Rick Morris, Ben Chew and Russ Cohen came together to create a list of the top 75 pro basketball players ever, with evidence to justify the placement of each -- as well as biographical details, comparisons of various legends, little-known-but-interesting tidbits, what-if scenarios and much more. Additionally, the book includes our year-by-year ranking of the top players in pro basketball and rosters for hypothetical "Olympic Dream Teams" had they existed prior to 1992. This is a book that is crafted for sports fans who are interested in learning more about the rich history of pro basketball. Available on Amazon.com

Early FDH Predictions For 2026 NFL Season

AFC EAST
X-New England 10-7
Buffalo 9-8
Miami 3-14

Why Value Matters In Fantasy & Pro Sports Drafts

By Rick Morris

On our FANTASYDRAFTHelp.COM INSIDER webcasts, we've discussed this point many times, but we're continually reminded of the need to readdress it: the very real link between fantasy sports drafts and the so-called real kind.

Years ago, when the Buffalo Bills selected Donte Whitner with the eighth overall pick at a time when he was considered a fringe Top 20 player at best, FDH Senior Editor Jason Jones and I ridiculed the pick in a real-time webcast.

We explained that Marv Levy, who was new to the Buffalo front office, clearly had no concept of value. Top10 picks must become franchise players at their positions. If, for whatever reason, you are fixated on a player unworthy of the draft slot, trade back and obtain the value collectively, through the desired player and additional picks, but always get value for your pick.

And if a Top 10 pick must become a franchise player, then a Top 5 pick must become one of the elite players in the league. For a team like the Browns that squandered numerous draft picks under the auspices of such luminaries as Butch Davis, Shoebox Pete Garcia, Eric Mangini, Mike Lombardi, Ray Farmer and Sashi Brown, the tenth overall pick in the draft has to be a home run and cannot be used on a player not deemed safe enough by the collective brainpower of NFL personnel people. There is no margin for error.

We at FDH don't have to educate skilled fantasy sports owners on the concept of value. This is something they know, or at the very least intuit, as they go through their draft or auction preparation. We always say that you win by obtaining value with every pick. While that ideal is almost impossible, you have to come as close as you can. That means that your high picks have to perform at the level forecasted and your mid-round and lower-round picks must outperform their draft slots. We have always emphasized that the same precept holds true in professional sports drafts. Winning organizations make the most of their draft picks and they know how to proceed in a measured fashion. They do not panic.
